Angle trim

Box trim

Barrel trim

Long angle trim

*pictured options exclude Concealed Fastening profiles

COLOUR RANGE

Made with natural stone chips, Decra's textured finish gives your roof a stronger, more substantial look, with added protection from the elements.

Available for Shake, Classic, Heritage, Milano, Senator, Aspen and Alpine

TEAK

CHARCOAL

ECLIPSE

Available for CF Slate

CHARCOAL

Custom colours are available on request. Minimum order quantities apply. Due to the natural stone nature of our textured coatings, slight colour variations can be expected. Please request a colour sample for the most accurate results.

FORMED TO PERFORM

TRUSTED FOR GENERATIONS, ROOFING YOU CAN RELY ON

Inspired with the vision of a better way of roofing, Decra's story of innovation began when we developed the world's first pressed steel roofing panel in New Zealand. And we haven't stopped since. With our eyes firmly on the future, we're constantly improving our products to ensure the roofs of today meet the needs of tomorrow. From design aesthetics to energy efficiency, to even the installation process itself, we're always trying to do things better – for the home, for the home-owner, and for the planet. No wonder Decra's roofs have been embraced by 127 countries around the globe, since 1957.
