## manufacturer & specialist contractor

### vision

TO BE THE LEADING SUPPLIER OF METAL ROOFING AND FACADES ACROSS BORNEO.

### mission

GUIDED BY THE PRINCIPLES OF INNOVATION THAT CONVERTS CONCEPTS INTO REALITY, WE AIM TO DELIVER OPTIMUM CLIENT SATISFACTION THROUGH UNPARALLELED EXCELLENCE IN QUALITY.

Manufacturing Licence

# 10 YEARS & GROWING

IMETAL (M) SDN BHD was established by a group of professionals from the building industry in 2013. The company set the vision to be the leading building envelope provider across Sarawak. IMETAL started with a roofing manufacturing facility in Kuching. It quickly expanded the manufacturing range to include cold form trusses, metal ceiling, dome, facade and various roofing accessories. With a robust team of experienced technical personnel, IMETAL provides both architectural and engineering design value add to customers. With a robust team of experienced technical personnel, IMETAL provides more value to customers through the team's expertise in architectural and engineering design.

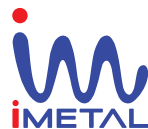

Today IMETAL has affiliates with manufacturing facilities in both Bintulu and Kota Kinabalu to ensure clients receive prompt response and faster lead time across Sarawak.

IMETAL holds a CIDB G7 licence and frequently collaborates with different product and system providers. This enables it to deliver comprehensive roof and facade solutions to the industry. Additionally, IMETAL is a specialist contractor to build new warehouses and factories using Pre-Engineered Building or PEB solution.

**PSIEA 2023:**  
**OUTSTANDING WINNER AWARD**  
**& GOLD WINNER AWARD**  
**(LARGE CATEGORY)**

IMETAL strives to be innovative by investing in people, process and technology. With 40 full-time employees, people are IMETAL's biggest assets. The company's conducive culture has enabled IMETAL to retain most of its employees, thus ensuring superior service to the customers. Since 2022, IMETAL started using a robust Enterprise Resource Planning (ERP) system in cloud to ensure superior process control.

IMETAL has various policies in place, namely

1. ISO 9001: 2015 Quality Policy
2. Anti Bribery & Anti Corruption Policy
3. Corporate Social Responsibilities (CSR) Policy
4. Health, Safety & Environmental Policy
5. 5S Policy and
6. New ESG Policy

In 2023, IMETAL became the overall winner of the Premier of Sarawak Industry Excellence Award (PSEIA 2023), a testament to its dedication to quality.

The invention of our revolutionary steel roofing tiles in New Zealand in 1957 quickly made Decra an industry success story and a trusted manufacturer. Manufactured from clean, pure materials, Decra's New Zealand-made tiles are manufactured to stringent ISO 9001 standards and exceeds international standards.

Innovation is a cornerstone of Decra's ethos, with significant investment into research and development resulting in high-performing products and continual new product development.

Today, you'll find Decra products in over 127 countries, and Decra manufacturing plants across three continents. While you'll find many imitations of our products none will live up the exceptional standards of quality that we hold ourselves to. Don't settle for imitations when you can have the ultimate in strength, style, and technology with a Decra roof.
